Retrofit Kits designed for Raven and Jamesbury anhydrous valves

KZValve retrofit kits are designed to adapt our reliable and robust actuators to your existing Raven or Jamesbury 2-way, ammonia ball valve. Our actuators come standard as 12/24VDC capable and will function as direct replacements on your Raven anhydrous ammonia application equipment.

Retrofit Kit + Actuator include:

- Waterproof KZValve EH2 Actuator
- Conxall connector plug for Raven System
- Coupler
- Mounting bracket
- Fasteners
- Simple replacement instructions

NOTE: These kits do not include the valves

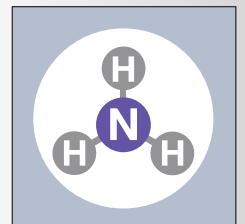

Hardware Retrofit Kits

Part Number	Size	Control Type	MOQ	Cost
KZ-KRKIT	1"- 1 ¼"	Hardware only	5	\$27.81
KZ-KR15KIT	1 ½"	Hardware only	5	\$59.38

Actuator Options

Part Number	Control Type	Cycle Time	Feedback	MOQ	Cost
KZ-10DY0CF1	On/Off	1.5 sec.	N/A	5	\$250.33
KZ-20DY0CF1	Positionable/ Fast Rate	1.5 sec.	N/A	5	\$250.33
KZ-K0HU0CF1	Positionable/ Standard Rate	8.0 sec.	N/A	5	\$257.85
